GENERAL RESPONSE FOR BELGIAN AID

Will Endeavor to Hurry Forward Virginia's Quota to Sufferers.

MAY ARRIVE BY XMAS.

People of Old Dominion Anxious to Relieve Distress of Homeless and Hungry Ones In Belgium.

Richmond, Nov. 23.—Greatly encouraged by the response which is being made in behalf of the relief fund which is to be Virginia's gift to the striken Belgians Colonel H. M. Boykin, chairman of the State commission, will this week make an extraordinary endeavor to forward the work to such an extent that the Virginia ship may reach the sufferers before Christmas. Two ships, as was stated yesterday, have been offered to convey clothing and food supplies and it remains now only to gather together a cargo of a size to warrant the use of a separate ship

No date has yet been designated for the shipment of supplies to a central point. But as soon as Colonel Boykin is informed by the chairmen of the various districts, county and rural committees that a sufficient quantity of foodstuffs and of clothing has been donated to make a complete cargo, he will appoint a date on which shipment to some terminal warehouse, presumably in Norfolk is to be made.

H. L. Ferguson, chairman of the committee of the first district, has promised that he will direct the supply for [illegible] and tugs for the work. He is [illegible] highly enthusiastic over the response being made in his district, and feels sure that the seaside cities will do their share in sending relief to the people of the little kingdom.

It is the first time in the history of the modern world that a whole nation has been left destitude and that practically a whole body of people has been driven from its home. Belgium is today overrun with invading armies. Her fertile fields have been laid waste, and her mining and manufacturig industries have been discontiued. The great majority of the people are practically homeless. Their temples have been demolished and their treasures of 400 years have been destroyed. Where once a great people flourished and were happy is now a charnel house of the nations, and Rachel goes about the fields weeping for her children. On her knees Belgium asks help of practically the only people who can afford relief on the gigantic scale which is needed.

NEWS OF THE DAY

It was announced at headquarters of the Belgian general staff yesterday that the Belgian army in the field is composed of 125,000 men and not 25,000 as the Germans assert.

In upper Alsace where the French and German trenches are separated by only fifty metres, a French ruse caused terrible havoc in the German lines last week. A French dirigible appeared over the German trenches, and three Taube aeroplanes immediately attacked, wrecking the airships with bombs. As it fell, however hundreds of bombs also dropped amidst the Germans, annihilating an entire regiment. Three dummy aeronauts also were hurled from the airship.

A new idea in marriage ceremonies an idea which will not only make weddings more popular but will boom business in the divorce courts—has been incorporated into the rites of the Church of the Social Revolution, by Bouck White its founder and leader. The next pair to be married n the church of the social revolution will be united not, "while life shall last," but while "love shall last." When love ceases, according to Mr. White, marriage not only ceases to be desirable but becomes unholy and degrading.

The New York Herald prints a dispatch from Washington announcing that William Jennings Bryan will retire from the Cabinet on or about March 4, next. Though the Herald has no official confirmation of the report it came from a source of information, so far as can be determined, where no ill wish to Mr. Bryan could be parent to the thought. No suggestion of a schism with President Wilson was contained in the report and the initiative for the change in the Cabinet was said rather to lie with Mr. Bryan than with the President. The Herald's informant was that Mr. Bryan will leave the Cabinet "to gird up the lions of democracy" for the battle of 1916.

John Clymer 23, of Riegelsville, Pa., a student at Lafayette University, was killed, and his four companions were injured early yesterday when the automobile in which they were making a tour of the fraternity houses at Lehigh University was struck by a freight train at a grade crossing in South Bethlehem Pa.

Eight persons are dead, two others were so badly burned that they may die, and seven more, including two fire captains, were injured as the result of a fire of suspicious origin which early yesterday virtually destroyed a five-story brick tenement house on East Thirty-ninth street New York. As a result of disclosures made to the police by a tenant who has been receiving Black Hand letters for the last year, and upon whom a demand for $1,000 was made Friday under threat of bodily harm, detectives are seeking men known to them as Black Hand leaders, whom they suspect of responsibility for the fire.

William E. Bostleman, general manager of the commission brokerage firm of Frederick Probst & Co. of New York which failed last week for approximately $1,000,000, committed suicide Saturday by leaping five stories from the firm's offices in a downtown skyscraper. Richard E. Dwight attorney for the firm, said Bostleman had been questioned about alleged irregularities. The coroner found in the office an envelope addressed to Mrs. Bostleman, containing this note: "Goodby, sweetheart. Kiss the babies for father. I could not help it.

Arthur Diosy founder of the Japanese Society of London, and author on Anglo-Japanese affairs in a statement that Japan is ready to furnish a large army if it is found necessary to increase the allied forces in Europe, says: "The Japanese army is in a complete state of readiness," says Mr. Diosy, "and if it is necessary to increase the allied forces in Europe, the Japanese are willing and ready to supply immediately a large, admirable equipped, and highly trained army. The trans-Siberian Railway and an ample supply of Japanese steamships make the transportation of half a million men in two months easy."

RUSSIANS CHECK GERMAN ADVANCE

Terrific Battle Now Raging Between Czenstocho and Cracow.

FIGHT IN BLIZZARD.

Czar's Troops Claim Fresh Successes —12,000 Teutons Reported to Have Been Captured.

Petrograd, Nov. 23—The tide has turned for the Russians in the great battle which has raged for several days in Russian Poland, between the Vistula and Warthe rivers.

Unofficial advices are that not only has the German advance upon Warsaw been checked, but the troops of General Von Hindenberg were placed in a dangerous position when the Russians fell back toward Warsaw. The Russian line, according to reports received here, did not retreat in solid formation, but divided into two big armies one encircling off to the right and the other to the left as the Germans marched on toward the apex of a human V.

The Germans therefore are in position to be flanked on both sides of their main army and Russian strategy is been given an opportunity of registering signal success.

The success of the Russian campaign in East Prussia is reported. Gumbinnen, twenty miles inside the German frontiers, and about seventy miles from Koenigsberg, has been taken after fighting which lasted for five days. A fierce charge by Cossacks is declared to have finally routed the Teutons, who withdrew toward Insterberg.

Petrorad, Nov. 23.—While another terrific battle rages between Czenstochowa and Cracow, the Russians have checked the German advance against their center line between the Vistula and Warthe rivers.

The desperate German movement upon Warsaw has been halted, according to advices from the Russian front. German cavalry patrols, however, had penetrated to within thirty miles of the capital of Poland.

The Russians routed and captured a German cavalry patrol ten miles in advance of the main battle line. The Teutons were cut off by Cossack troops and those not killed or wounded were taken prisoners.

German losses are declared to have been enormous in the main battle along the center, which had as its prize Warsaw. At Kutnow, twenty-five miles west of Lowicz 12,000 German prisoners were taken.

The fresh successes of the Czar's troops between the Vistula and Warthe rivers, were accomplished under devastating atmospheric conditions.

The battle continues amid a blizzard and disease and suffering enfeebles every column of wearied soldiers. Notwithstanding this, the struggle has progressed as valiantly as though the soldiers of the Czar and Emperor William were fighting on sunny plains

FIRE AT PURCELLVILLE.

Nearly Every Building in Town Destroyed.

Purcellville Va., Nov. 23.—Fire which broke out in the business section at 3 o'clock yesterday morning destroyed nearly every building in the center or town.

The total loss is estimated at $100,000. Among the buildings destroyed was that of the Purvellville National Bank. The vaults alone remained intact, with their deposits of $400,000 in cash, and the books and records.

How the fire started is not known. When the townsmen reached the scene the flames had spread rapidly from their place of origin in a frame house situated between the hardware and furniture store of M. H. Beall and the bank building, until eight stores were ablaze. The fire apparatus was totally inadequate to check the fire. Only the fact that no wind was stirring saved the residence portion of the town and probobaly the lives of some of the occupants of the houses. The engine sprayed water on an adjacent lumber yard which was half consumed, however, and only got control of the flames, in the afternoon, when there was nothing more to prey upon.

Among the buildings totally or partially wiped out were the plumbing supply store of S. K. Tyler, the Purcellville Pharmacy, Cornwall & Sons' jewelry store the tinware store and residence of J. E. Benedum, Edgar Hirst's lumber yard, and J. H. Beall's store.

The bank vaults, although protected by thick walls, were seriously menanced and only heroic fighting saved them. As far as can be learned, the losses are well covered with insurance.

Purcellville has a population of about 1,000. It lies in the center of the fertile Loudoun valley, and the deposits in the bank are largely those of farmers in the vicinity.

WIFE CHASTISES HUSBAND.

Tells Judge She'll Use Baseball Bat Next Time—Is Released.

Sunbury, Pa., Nov. 23.—Because his 300 pound wife whipped him for spending $2.00 of his $12.00 a week for intoxicating liquor, John McGonigle, of Northumberland had her arrested for assault and battery with intent to kill. Mrs. McGonigle told her story of what lead up to the chastisement to Squire E. H. Tierney, this way: "Sure, judge, I spanked him. We have six children and need that money; if he does it again I" use a baseball bat."

Instead of fining, the justice praised hr. "Go home" he said, "and let me congratulate you; you are the right kind of a woman."

"After I laid him over my knee he ate supper standing up," she continued, after her discharge.

HAVOC AT YPRES.

The Historic Halles Destroyed by a German Bombardment.

Paris, Nov. 23.—The German guns have destroyed the famous Halles (market house) and city hall of Ypres.

The French War Office last night made this announcement, adding that the havoc was wrought as a result of a violent bombardment. Heavy cannonading also was reported at Soissons and at Vailly, on the Aisne but the greatest damage was done at Ypres.

The historic Halles was the most considerable edifice of its kind in Belgium, and dated from the year 720. The three early Gothic facades of the Halles Des Drapiers, or Cloth Hall proper were of three stories, and were flanked by corner turrets. It was in the Cloth Hall that some of the finest examples of the cloth making industry which, in Ypres date back to the eleventh century were exhibited. The east sides of the Halles was bounded by a charming renaissance structure erected in 1620-24. The Hotel de Ville (town hall) was an unpretentious structure dating originally from the fourteenth century and located at the north end of the Cloth Hall. Both edifices were situated on the Grand Place, and were but a few steps from the Cathedral, St. Martin.

PLANS TO TAKE COAST CITIES

Full Force to be Thrown Toward Calais and Dunkirk.

NIEUPORT A TARGET.

Invaders Will Return Fire of Allied Fleet—Kaiser's Army Reinforcing Their Trenches.

Paris, Nov. 23—Violent bombardment of Ypres, Soissons, and Rheims by the Germans is reported today in the official communique.

The bombardment against Ypres yesterday was particularly hot. The cathedral was damaged, and many houses set on fire.

Paris, Nov. 23.—Once again the full force of the German offensive is thrown toward the coast and the attempt to take Calais and Dunkirk apparently has been renewed. Reports of renewed activity of the German naval force are current and the possibility of the Germans attempting an invasion by sea is a rumor freely circulated.

Renewed bombardment of Nieuport is reported here today from the front together with reports of the greatest activity among the Germans all along the coast.

Back of the German lines there is said to be a considerable movement of troops and guns through Belgium toward the coast.

Heavy guns have been mounted between Knocke and Nieuport, with the evident intention of returning the fire of the allied warships which have been bombarding the German lines.

Ypres has again been bombarded after a partial cessation of fighting there. The town hall and market place were destroyed and the city, already partially ruined, was further damaged.

In the Argonne, the Champagne district and along other points of the line the Germans are re-enforcing their trenches or endeavoring to build nw ones in the face of the allied artillery fir.

WORKING FOR HER PARDON.

Strong Movement in Louisa Behalf of Mrs. Hall.

Richmond, Nov. 23.—Many of the most prominent people in the county of Louisa have taken up the case of Mrs. Elizabeth A. Hall and they are writing letters to Governor Stuart asking that she be pardoned.

The writers of the letters are representative people. Many take the ground that Mrs. Hall is absolutely innocent of the crime, while others lay stress on the fact that the evidence was far from being sufficient to warrant the conviction.

Allusion is made to the undisputed fact that the parents of Victor Hall are among her most staunch defenders, they having done everything in their power to save her from the prison and to acquit her of the murder. They do not for a moment believe that she committed the crime.

Then there are a great many who declare that if the evidence warranted a conviction, the penalty should have been death in the chair or imprisonment for life, instead of imprisonment for ten years.

Washington Nov. 23—Major General Funston cabled Secretary of War Garrison this morning that every American soldier will be aboard the army transport at Vera Cruz at noon.

The army of occupation, after seven months, will evacuate the city and be taken to Galveston Tex.

General Funston also stated that he was bringing back with him $1,500,000 collected at the Vera Cruz custom house since April 21, The marines will be taken to Philadelphia and the infantry to Galveston.

Secretary Garrison said that an executive order will be issued transferring the marines from the army to navy control as soon as they reach United States territory.

Major General Funston will be placed in charge of the central department at Chicago, according to present plans.

Official advices regarding the Mexican situation continue confusing. Reports from State Department agents indicate that fighting is in progress at several points and that Villa is still miles away from Mexico City. VIRGINIA BAPTISTS

$14,354 Was Contributed to Missions By Woman's Missionary Union.

Bristol Tenn., Nov. 23.—The feature of interest, which claimed the attention of the Virginia Baptist General Association yesterday at both morning and evening sessions, was missions. The report of the foreign mission board showed that during the past year Virginia Baptists contributed to home missions, 38,483 and that of this amount the Woman's Missionary Union gave $14,354 or one third of the entire amount.

The apportionment for Virginia Baptists for the coming year for home missions is $40,000.

The report of the foreign mission board showed $83,096 with $10,404 collected for the Judson centennial fund, making a total of $93,500 given to foreign missions, an advance of more than $7,000 over the receipts for this cause the year previous.

The apportionment for foreign missions, the coming year is $87,000. The amount collected for State missions was $43,299 and the contribution of the Woman's Missionary Union was $15,615. The State mission apportionment for the coming year is $50,000 and $12,000 for Sunday school.

The number of conversions reported was 3,259 and the number of baptisms 2,736.

George W. McDaniel stated on the floor of the association that according to the minutes of the Southern Baptist convention of the present year, this denomination increased more than ninety-seven thousand members the past year, and that the report of a loss of more than six thousand members was erroneous, and that the speaker making that statement must have had reference to baptism only, and not to membership.

NEGRO SHOT BY MILKMAN

Carroll Woolf Uses Pistol on Blacks Who Bombarded His Wagon Yesterday Morning.

Carroll D. Woolf, a well known dairyman of this city, who resides in Fairfax county, near the Hunting Creek bridge, shot and seriously wounded Herman Hyter, a negro at 8 o'clock yesterday morning. The shooting occured on the Hunting Creek road a short distance from the Woolf farm.

R. D. Woolf, father of Carroll Woolf, who was following his son's wagon in a buggy, brought the wounded man to the Alexandria Hospital where he was treated by Dr. Hugh Mc Guire. He was shot in the left side just below the heart. His condition was improved this morning.

The shooting was done in self defense, according to Mr. Woolf's statement. The man, who has been working on the farm, was ordered from the premises yesterday morning because he was drunk. He made threats against Mr. Woolf, and when the latter left in his milk wagon for Alexandria, the negro accompanied by another man named Ollie Grayson, lay in wait for him and commenced pelting the wagon with rocks. The driver of the wagon was struck by a rock and, as a last resort, Mr. Woolf fired his revolver, the ball hitting the man in the side. Grayson was later arrested and taken to the police station in this city. Woolf reported the facts to Justice Kerby of Fairfax county, and was released on his own recognizance.

Justice Kirby made an investigation of affair this morning and held the two negroes for the action of the grand jury.

The case of A. J. Payne who was arrested some time ago charged with the unlawful removal of wood from a farm in lower Fairfax county, was brought to a close at Accotink last Saturday afternoon by his dismissal of the charge. Payne, it will be remembered, was sent on to the grand jury by a magistrate's court in Fairfax, after which he was allowed to leave the court it was supposed, to procure bail. Failing to appear, officers went in search of him, and found the accused barricaded in his home on a government reservation which they would not invade. A number of persons who followed the officers, it is alleged made fires on the reservation and caused some excitement.

Payne came to this city next day and was arrested. He was taken before Judge Barley, of the Corporation Court, on a writ of habeas corpus and dismissed on the ground of the illegality of the warrant and commitment. On Saturday Judge Thornton, of the Circuit Court of Fairfax, directed that Payne's case be decided by a magisterial tribunal, composed of Justices Kerby, Hazen and Troth, His counsel Charles E. Corgan, of this city, objected to Troth sitting on the case, alleging he was prejudiced towards Payne. He, however refused to leave the woolsack and the trial proceeded. The trio of Justices declared Payne not guilty of the charge of petit larceny.

Five Kiled in Rioting.

Douglas, Isle of Man, Nov. 23.—Five persons were killed and several others wounded as a result of the riot Thursday among the aliens in the detention camp here.

No official report of the incident is yet obtainable but it is understood the trouble arose over the food, which some aliens refused, and it is alleged, commenced a riot whereupon the guard was compelled to shoot. There are 3500 prisoners in the camp.

NO SILVER LINING DISCERNED YET.

The war cloud hangs as dismal as ever over a large portion of the civilized portion of the globe. A dispatch from The Hague says that while Berlin newspapers contain defiant articles it is known that certain German officials are anxious for some loophole to appear whereby overtures for peace could be entertained. The sudden rallying to the colors of Danish and Norwegian residents of the western hemisphere is regarded as ominous. Denmark and Sweden may be preparing either for defense or for participation in this titantic struggle.

Grim winter has brought about an armistice. It was said that Germany had proposed a temporary cessation of hostilities, but that the allies had refused to enter into any negotiations looking to this end. General Grant in the last days of the Southern Confederacy announced that he would fight it out on certain lines although it took all the summer. The allies seem to be fired with the spirit to fight it out even if it takes all winter.

The aftermath of this great war is affording speculation. It is assumed that the nations involved are determined to fight to a finish. England France, Germany, Russia and Austria will have become virtually exhausted should the carnage be continued, as some believe, several years and what may emerge when they find themselves in a helpless condition is a pertinent question.

Apart from France, the Latin nations are keeping out of this conflict At certain times in recent years attempts have been made to form an empire of the Latin races. An effort was made at the close of the war between the United States and Spain. This of course, would not be confined to the countries on the European continent, but Latin America and the Philippine Islands would be expected to join such a cofederation.

Some people have believed that the Roman Empire will be redivant in the latter days. Will this dream be realized after this cruel war is over?

HELP FOR BELGIANS A NOBLE CHARITY.

Mr. A. D. Brockett, appointed by Governor Stuart a member of the commission having in charge the collection of funds, clothing and provisions for the relief of the Belgians, today actively started the organization in the eighth congressional district for this most worthy and patriotic charity. Mr. Brockett and representatives of the local committee will visit the county seats throughout the assigned territory and organize committees in each county.

Now is the time when help is needed and now is time when responses should be made. Every bank has been requested to receive cash contributions and every clerk of the county courts has been requested to receive contributions of suitable clothing, vegetables and meats, such as will stand the long transportation. Every newspaper of the eighth congressional district will give information relative to the great need and scope of this work and thousands of men and women will aid in securing proper and prompt results to this appeal from the Governor of Virginia.

The ministers of all the churches of this city read notices to their congregations yesterday and many dwelt upon the brotherhood of humanity as displayed in this work.

Already numerous plans have been adopted for the accomplishment of the desired result. Store keepers are displaying properly marked collection boxes. Notices are being placed in the banks and postoffices. Railroads are offering free transportation for what you give and every where is heard the appeal of the naked and starving people of Belgium. Winter is now adding to the suffering of these people, whose men lie dead or stand fighting in the snow and ice filled trenches; whose homes have been destroyed by artillery and siege guns; their live stock has been taken from them and their fields plowed by armies and planted with the balls of cannon. They need what the farmers of this section can well afford to give. Every person of the eighth congressional district is urged to respond liberally to this appeal and Virginia will send a cargo under the flag of Virginia as a Thanksgiving token in memory of the days of war and reconstruction through which the people of this State successfully passed through the grace of God.

PROCEEDINGS IN PROPER FORM.

With a total absence of anything that savors of unpleasant publicity and almost without the knowledge of any person not officialy concerned, the commission appointed by Mayor Ainslie of Richmond to investigate in other cities is at work ferreting out vice.

The statement goes far to dispel the fear entertained by many members of the Council that an inquiry into vice conditions in Richmond would thrust upon the city a publicity which would be more harmful in its effects than the results of such an investigation would be curative.

The Richmond commission are wise men in their day and generation. Many years ago a similar movement was inaugurated by a prominent minster in New York. He visited places of evil resort and blazonly described conditions as he found them. The result was as might have been expected. Many young persons, previously ignorant of such temptations, sought out these places in order to satisfy their morbid curiosity.

Killed in Auto Accident.

Martinsburg, W. Va., Nov. 23.—Edward L. Hess, member of a well-known Martinsburg family and one of the most prominent of the younger business men of this place, was instantly killed yesterday evening, when his auto turned turtle as he and James Bratt, of Martinsburg were descending a steep hill while coming to the downtown section.

In an effort to recover his hat he lost control of the car which veered from its course and overturned upon the two men. Mr. Hess' neck was broken and his head crushed, while Bratt suffered a broken leg, internal injuries and cuts about the head. Bratt will recover.

Hess was aged 40 years, and was a son of Aaron T. Hess, for many years a prominent business man of Martinsburg. The dead man was connected for several years with Colgate & Company at Pittsburgh, but for the past two years had conducted a large store here. He was a Mason of high rank. His widow survives.

FREE FARE TO WASHINGTON.

It is small savings which build up savings bank. Read the attractive announcement of the Wonder Clothes Shop in this issue of the Gazette. The least interesting offer is that customers from Alexandria will have their railroad fare refunded. The great big idea in the adv. is that you can get a suit of clothes built to your order for $10. Such an announcement coming from an irresponsible house would mean nothing, but coming from a firm of high standing and long established reputation, it means "finding money."

Note carefully that the Wonder Shop warrants every garment to be all wool and a guaranteed fit. If for any reason a customer is not satisfied, they ask the favor of returning his money. Be sure to clip the coupon in order to save railroad fare.

KILLED BY AUTOMOBILE.

Richmond Man's Skull Crushed to Splinters.

Richmond, Nov. 23.—Knocked down and his skull crushed to splinters yesterday afternoon in front of 307 South Laurel street by an automobile driven by parties as yet unknown. Thomas Waldren 52 years old, of 507 West Grace street, succumbed to his injuries shortly after 11 o'clock last night in St. Elizabeth's Hospital. The parties who struck him are still being sought by the police. Detectives working on the case last night were unable to positively establish their identity.

According to all that can be gathered, Mr. Waldrop started across the street and was struck from behind, as he stepped from the curb. ing. He was knocked to the ground.

Secretary Daniels has cabled Capt. Decker, of the cruiser Tennessee, and Capt. Oman, of the cruiser North Carolina, in the eastern Mediterranean, giving them discretionary authority to deal with emergencies that might arise in protecting American citizens and their interests in Turkey.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. All druggists.

What Would You Do?

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now if you had a severe cold? Could you do better than to take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value Mrs. O. E. Sargent, Peru, Ind., says "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all dealers.

We strongly urge our customers to take in their winter's supply of fuel early.

Coal mined in the summer and early fall months is generally more carefully prepared and the supply is more certain at this time than it might be later this year.
